If a fifth player arrives late during the match and his game in a round has been passed, he may only shoot in the remaining rounds where his position has not been passed. If a team plays a player short they must write down the player who played the most games to that point in the season.
- E. A team with less then three players forfeits the match. When a team forfeits, the opposing team must send in their nightly fee in order to receive their round points, player points, and wins.
- F. Line-ups will be placed on the SCORESHEET by the **home team captain first. PLAYERS DO NOT HAVE TO BE LINED UP ACCORDING TO THEIR AVERAGES.** The captain of a team that has less than five players available for the match must notify the opposing teams captain before play begins, and also state which position in the line-up will be vacant. THIS MAY BE THE LAST POSITION ON THE SCORESHEET IF THE TEAM SO DESIRES.
- G. In scoring, each player receives one point for each ball of their group pocketed, except for the eight ball, which scores three points when pocketed. The winning player is always credited with 10 points. If the shooter pockets the eight ball before it is legal to do so the opponent automatically receives ten points. The loser cannot score more than seven points.
- H. If you win a match bye a forfeit, each team member present and listed on the score sheet will receive the equivalent of there average each round. These points will be credited to the individuals.
- I. **IF YOU TIE POINTS IN A ROUND, EACH TEAM WILL RECEIVE HALF A POINT FOR THAT ROUND. THIS INCLUDES THE FINAL ROUND.**
- J. **THIS IS A HANDICAPPED LEAGUE.** THE 1ST NIGHT TEAMS WILL PLAY HEAD TO HEAD. AFTER THE 1ST NIGHT OF PLAY, ANY NEW PLAYER WHO HASN'T ESTABLISHED AN AVERAGE WILL BE PLACED ON THE SCORESHEET AS AN 8 AVERAGE. THE PATCH MUST NOT TOUCH OR COVER THE DIAMOND. THE POCKET DOES NOT HAVE TO BE VERBALLY CALLED OR THE PATCH PHYSICALLY TOUCHED ON THE 8-BALL AS LONG AS THE 8-BALL IS POCKETED WHERE THE PATCH IS LOCATED.

L. RULE CHANGE: ALL PLAYERS MUST RACK THEIR OWN BREAK

5. RULES OF PLAY

A. BALLS AND RACKING

1. The game is played with 1 cue ball and 15 numbered object balls.
2. The balls are racked in a triangle at the foot of the table with the 8-ball in the center of the triangle. When racking there must be a solid in one corner and a stripe in the other corner.
3. The object of the game is to make one group of numbered object balls, either stripes or solids and then pocket the 8-ball LEGALLY, which then wins the game.

B. BREAK SHOT

1. **THE HOME TEAM ALWAYS BREAKS FIRST AND WRITES THEIR LINE-UP DOWN FIRST.** The break alternates **BY ROUNDS** thereafter.
2. If the breaker hits the racked balls with the cue ball, driving four or more balls to a cushion or pocketing one or more object balls, the game is considered started. If a player fails to make a legal break, it is not a foul; however, the opponent has the option of (1) accepting the table in position and shooting, or (2) having the balls reracked and shooting the opening break himself or have the original breaker rebreak.
3. Miscues on the break and stopping or deflecting the cue ball prior to hitting the racked balls are considered fouls and loss of turn. The opponent will receive cue ball in hand behind the head string.
4. When spotting the cue ball for the break shot, the BASE of the ball must be behind the head string.
5. The opposing player must inform the breaking player of improper positioning of the cue ball BEFORE the shot is made. If the opposing player does not inform the breaking player BEFORE the shot is made, the break is considered legal. If the shooting player is informed of improper positioning he must then reposition the cue ball. If a player positions the cue ball completely and obviously outside of the kitchen and shoots the cue ball, it is a foul if called by the opponent.
6. A cue ball placed into the kitchen for a break shot, foul, or scratch may be adjusted by **HAND ONLY**. Once the rack is removed from the racked balls the game is considered started and the hand only rule applies.
7. On the break shot, if one or more balls of either group or both groups are made on the break shot, **THE TABLE REMAINS OPEN**. The breaker must shoot again to determine his group of balls, he then continues shooting at his group as long as he legally make one of his group on each shot. The **8-BALL CANNOT** be used in a combination on an open table to determine a player's group of balls. On an open table a safety may be called and a ball pocketed in this situation, but the table remains open and it is then the opponents turn to shoot.
8. During league play, making the 8-ball on the break, the **BREAKER** may ask for a rerack or have the 8-ball spotted and continue shooting. Should the breaker make the 8-ball and scratch, the **OPPONENT** has the option of spotting the eight ball or reracking and breaking. When there is an 8-ball on the break the money for the rerack comes out of the night's MATCH ENVELOPE.
9. If the player breaking the racked balls does not make any balls, his opponent then shoots, having an open table.
10. An object ball's base determines whether a ball is in or out of the kitchen. An object ball whose base is on the line is considered OUT AND playable.

C. PLAY

1. A player must designate, in advance of each shot, the ball to be made and the pocket into which it will be made. He continues shooting so long as he legally pockets any of his object balls. (**EXCEPTION:** calling a safety) Should a player fail to pocket his designated group ball, he shall lose his turn. Once a player has made all of the balls in his group, he then shoots at the 8-ball. It is the opposing player's responsibility to ask the shooter, before the shot, if the opponent is not sure of the pocket or is unable to hear the pocket called. After the shot is taken, the opposing player cannot dispute the pocket that was called. If a shooter continuously fails to inform his opponent, the captains should be informed. Continuous failure to verbally call the pocket can be ruled unsportsmanlike conduct.
2. Each player continues to shoot, so long as **ANY** one of the players object balls are struck first and the called object ball is pocketed. However, if a player scratches the cue ball while shooting at the 8-ball, he loses the game, even if the 8-ball remains on the table.
3. All balls pocketed remain so, legal or not, however, if the shooter does not pocket one of his own group he loses his turn.
4. If a player fails to hit the 8-ball while shooting at it, it is a foul and the game continues. If a player scratches the cue ball while shooting at the 8-ball, it is a foul and the game continues.
5. Kiss-off and bank shots do not have to be called.
6. If the 8-ball is made before all of the player's group of balls are made, or made in a pocket other than the one called, the player loses the game. If the 8-ball is knocked off the table, the player loses the game.
7. Object balls knocked off the table will be handled accordingly: **IT IS A FOUL AND LOSS OF TURN, UNLESS IT IS THE 8-BALL, WHICH IS A LOSS OF GAME. ANY BALLS KNOCKED OFF THE TABLE ARE NOT RESPOTTED.**
8. Accidentally moving or touching any ball is not a foul unless:
(1) the moved ball is the cue ball (2) a moved ball makes contact with the cue ball (3) a moved ball causes any ball to be jumped off the table or pocketed (exception: 8-ball is loss of game if called by the opponent before the next shot is taken.) Only the opponent may replace the moved ball as closely as possible or leave it where it rests. If the shooter replaces the ball it is a foul unless told to do so by the opponent.
9. In the event the cue ball or an object ball stops on the edge of a pocket then falls into the pocket because of vibration, fan or stomping of feet, it shall be replaced on the edge of the pocket as near as possible to its position before the interference.
10. **STALEMATE GAME:** If in 3 consecutive turns at the table by each player (6 turns total), they purposely foul or scratch and both players agree that attempting to pocket or move an object ball will result in immediate loss of game, then the game will be considered a stalemate. The balls will then be reracked and the breaker of the stalemated game will break again.
11. Slow play rule: Exaggerated slow play will be penalized. After a warning, any longer than ONE MINUTE between shots will be a foul. The third infraction will result in loss of game. (Time must be monitored by both teams for both players.)

D. LOSS OF GAME

1. Pocketing the 8-ball when it is not the legal object ball except on the opening break.
2. Pocketing the 8-ball on the same stroke as the last ball in shooters group of balls.
3. Jumping or knocking the 8-ball off the table.
4. Pocketing the 8-ball in a pocket other than designated.
5. Fouling while pocketing the 8-ball.

ALL INFRACTIONS ABOUT MUST BE CALLED BEFORE THE NEXT SHOT IS TAKEN!!! ONLY THE PLAYERS, INVOLVED MAY CALL THE INFRACTION!!!

E. LEGAL SHOTS, FOULING, AND FOUL PENALTIES

1. On all shots, players must strike one of his group of balls first and either: (1) Pocket the object ball, or (2) cause the CUE BALL or ANY OTHER BALL to contact a rail.
2. The following are a foul IF CALLED BY THE OPPONENT.
 - a. Failure to make a legal shot.
 - b. Shooting the cue ball into a pocket or off of the table.
 - c. Shooting without at least one foot touching the floor.
 - d. Coaching. Any member of a team called for coaching will result in a foul on the team member shooting.
 - e. If a ball is frozen on a cushion, the player must be notified by the opponent. When playing such a shot, the player must contact the frozen ball, and then: (1) Pocket the frozen ball (2) Cause the cue ball or cause another object ball to contact a cushion (3) Drive the frozen ball to another cushion (4) Cause another object ball to contact a cushion (5) Pocket another object ball from either his or his opponent's group. Failure is a foul.
 - f. If a cue ball and object ball frozen, you may shoot straight through the balls, but you must shoot it with a solid firm stroke, meaning you can't push through the ball. If you do not strike it firm you must shoot it at an angle 45 degrees or above, or 45 degrees to the right or left of center from the straight line of the frozen balls otherwise it is a foul If two balls are within a chalks thickness or less, a push or a double hit is possible, special attention from a referee or team captains is required. (Guidance for calling a foul on such shot is if the cue ball follows through the object ball more then 1/2 ball it is a foul) Possible push or double hit shots, shot at a 45 degree angle, can still be called fouls if a double hit or push still happens.
 - g. A **JUMP SHOT** is legal. Player must shoot a jump shot on the top half of the cue ball for the shot to be legal, failure to do so is a foul. Any miscue while attempting a jump shot will be considered a foul. IF ANY BALL OTHER THEN THE CUE BALL MOVES WHILE ATTEMPTING A JUMP SHOT IT WILL BE CONSIDERED A FOUL. Accidentally jumping a ball is not a foul
 - h. Cue ball returns to tip of stick after a shot.
 - I. Dropping a piece of chalk, or bridgehead, ECT. and these items make contact with the cue ball.
 - J. Picking up or shooting the cue ball while any balls are still in motion.
 - k. Touching an object ball with your hand while having cue ball in hand.
 - H. Scratching on the 8 ball.
 - I. Shooting while holding anything that could be used to enhance your shot.

3. Penalties for fouling.
 - a. Only the player involved may call a foul. In the event of a foul, the opposing player receives cue ball in hand anywhere on the table. This means that the player can place the cue ball anywhere on the table (the cue ball does not have to be in the kitchen except on the opening break or immediately after a foul on the break).
 - b. A player must stop shooting when a foul is called and resume shooting on his next turn.
 - c. If a player refuses to yield to a foul called, the opposing captain may protest the game.
